

**IS NOW OFFERING
THE STATE OF
THE ART GRACO®**

EcoQuip®

**VAPOR ABRASIVE®
BLAST EQUIPMENT**

**YOU'RE INVITED
TO OUR APPLICATOR TRAINING
CLASS DEMO DAY ON
FRIDAY, NOV. 13, 2015**

**SPI WILL BE
DEMONSTRATING EcoQuip®**

**AT SPI'S WASHINGTON FACILITY
2410 104th St. Ct. S. Ste D, Lakewood, WA 98499**

These units come as standalone machines that can go in a truck or trailer, or complete trailer systems with compressor and generator included. Applicators can now turn to SPI for surface prep equipment! And the EcoQuip® system utilizes water along with the blast media to greatly reduce dust, which is often a concern while blasting.
